## GRAND JURY IS VERY BUSY PLACE

Reported Today That Some True  
Bills For "Bootlegging" May  
be Returned Soon.

MAY BE IN SESSION ALL WEEK

Thought Probable No Indictments  
Will be Made Until Grand  
Jury Adjourns.

It has been a long time since as much activity in the vicinity of the grand jury room has been shown, as in the last three days. Large crowds of witnesses have thronged the third floor corridor of the court house waiting an opportunity to testify before the investigating body. Prosecutor Stevens has been one busy man since Monday, when the grand jury went in session, and has kept the grand jury busy now for three days with no letup in sight.

Prosecutor Stevens had more witnesses than he could care for, and as a result many of them called for yesterday were compelled to come back again today. The state's attorney stated today that the grand jury might be in session all of this week. The exact nature of the things being investigated could not be learned but it is believed that the grand jury is heeding Judge Sparks' instructions and investigating the alleged illegal sale of intoxicating liquor, not only in this city but in other parts of the county.

It was rumored today that the grand jury was ready to return at least six indictments, but Prosecutor Stevens stated that if any were returned they would not be turned over to the court before an adjournment was taken. The two Taylor boys, Chase and Chester, are still in the county jail and will remain there until Stevens gets time to take the case up in the circuit court. Chase is charged in an affidavit with failing to obey a grand jury summons and if there is any charge against Chester it has never been made public.

It is stated that the Taylor boys were before the grand jury for alleged "bootlegging" and true bills may be brought against them. Sheriff Cavitt was before the grand jury, and it is supposed that it was on this case as Chase Taylor refused to come with him when the summons was read.

Speculation continues as to why J. C. King, county highway superintendent, was before the grand jury. A number of neighbors of Mr. King were also before the grand jury. Several of these were called for yesterday afternoon but it was necessary for them to come back today. Some time ago Mayor Bebout held a court of inquiry and a number of persons who were before him at that time were before the grand jury today.

Ward Bates, living at 820 North Sexton street, is seriously sick with pneumonia.

## TWO IN ONE DAY FOR HIM

Wallace Cook Has Another Run-  
way Before Reaching Home.

Misfortune trailed Wallace Cook of near Richland yesterday. The horse which ran away with him here yesterday morning, while being led home behind James Williams' buggy yesterday afternoon, caused Williams' horse to run away and Williams and Cook were thrown out. The buggy was demolished and both horses went home, the men having to walk home.

## VOTE TO CONTINUE THE ORGANIZATION

Members of Chamber of Commerce  
at Annual Meeting Unanimous-  
ly in Favor of Action.

A NOMINATING COMMITTEE

Although there were only a few members of the Rush County Chamber of Commerce present at the annual meeting in the court house assembly room last night, every member present voted to continue the organization and a motion to instruct the chair to appoint a nominating committee of five to select eleven directors to succeed the one-year term directors who retired was carried unanimously. Those members who attended were very insistent that the organization not be dropped and that the membership become more active. It was voted that the office expense be discontinued as a matter of economy and hereafter the executive committee and directors will meet in the court house or some place to be determined later.

A. L. Riggs, first vice-president, who presided, appointed Paul Allen, H. G. Hackman, John B. Morris, Jack Knecht and R. F. Scudder a nominating committee to select eleven directors and a meeting of the members will be held soon to ratify

## IS OPPOSED TO THE POOL SELLING BILL

Rush County Fair Board Instructs  
Secretary to Inform Man Back  
of Measure in Legislature.

FRED LIGHTFOOT NEW MEMBER

Declaring itself to be unalterably opposed to encouraging gambling at the county fair, the fair board, at a meeting yesterday, instructed the secretary, J. Q. Thomas, to inform John Isenbarger, who is boosting a bill in the legislature to legalize pool selling in Indiana, that the fair association was unanimously against the measure. Isenbarger has written each fair association in the state urging the secretary to request their representatives and senators to support the bill. The bill provides for a commission of three, to be paid \$600 a year salary, with a secretary who would draw \$1,500 a year.

Fred Lightfoot became a member of the board succeeding John Widau, who represented Washington township. Mr. Widau has moved to Irvington. The board made many changes in the premium list and arranged for four \$500 stake races and some running races. The board meets again next Saturday.

## WATSON SPEAKS TO LOWER HOUSE

Former Congressman of This City  
Says Some Without Experience  
Have Advised Legislature.

CONSCIENCE GOVERNS VOTE

He Declares Prolonged Belief in  
Common Intelligence of the  
Common People.

James E. Watson of Rushville told members of the House in a brief impromptu address yesterday afternoon that legislators should form their own convictions upon pending legislation and vote according to the dictates of their conscience, thereby disagreeing with Secretary of State William J. Bryan, who, in addressing a joint session of the General Assembly last week, declared that legislators who could not conscientiously vote in support of public demands should resign.

Mr. Watson was found in the corridors of the State House by Republican representatives and was escorted to a seat near Republican Floor Leader Jesse B. Eschbach of Warsaw, Democratic Floor Leader John C. Branaman of Brownstown presented a resolution asking Mr. Watson to address the body. He was escorted to the speaker's chair by Mr. Branaman and Mr. Eschbach. "You have been fairly well talked to already," said Mr. Watson after expressing his appreciation of the invitation to speak, "but the men who have addressed you have not been members, as a rule, of legislative bodies.

"Therefore, not having had the experience in legislative bodies of some of us, they had much advice to give you. Mr. Speaker, I have no advice to give. You men are from the rank and file, and I take the stand that you have information enough at your disposal, and that you have intelligence enough to do what is right.

"In forming his opinion the thing for a man to do is to study a question from all sides, form his convictions and vote them, waiting until he gets home to explain to his constituents why he has had those convictions and, by presenting to the people the information upon which his convictions are based, he will be upheld.

"I have a prolonged belief in the common intelligence of the common people, but the people must be right-fully informed. I am not here to discuss any matter pending before your body, but I will tell you this: Laws do not change man. You've got to change his thinking. For this reason improvement in government comes through the individual. I conjure you to believe in principles and policies, for they form the basis of governments."

Mr. Watson asserted that the people should attach themselves to great principles and not leaders. He cited as an example Mexico, where leaders and not principles are followed, declaring that if the Mexican people would forget their leaders and follow some great principles the revolution would soon come to an end.

FINED \$25,000 EACH

(By United Press.)

Jefferson City, Mo., Feb. 10.—Five big packing companies were adjudged guilty of violating the anti-trust law by the Missouri supreme court yesterday. Each was fined \$25,000 which must be paid by March 11. Those adjudged guilty were: Armour & Co, Swift & Co., Morris & Co., Hammond Packing company and the St. Louis Drees Beef and Provision Co.

## TEACHERS HERE SHOW INTEREST

Pension Bill Introduced in Legisla-  
ture is Being Discussed by  
Those Interested.

LAW WOULD BE OPTIONAL

J. H. Scholl is Member of State Leg-  
islative Committee to Boost  
Bill in District.

Teachers of the city as well as in other parts of the county have taken considerable interest in the teachers' pension bill which has been introduced in the legislature and which provides for payment of a certain sum each year by the teachers entering into the plan in order that they may be retired at the end of thirty-five years.

The bill as it now stands, makes the application of the proposed law entirely optional. Before it could be applied, in case it became a law, it would require a majority vote of the teachers of any given unit of taxing authorities and the state board of education. The county, each town of over 5000 population and the state normal would be units.

Superintendent J. H. Scholl of this city is the sixth district member of the legislative committee of the Indiana State Teachers association who is boosting the proposed law in this district. It is explained that the bill, if it should be passed in its present form, would not be of much benefit to teachers who had been teaching for several years, but that it would be of immense value to those who are now and will in the future enter the profession.

As it stands at the present time the bill provides for the retirement of teachers upon a pension of \$600 per year at the expiration of thirty-five years' service as a teacher, principal supervisor of any regular or special subject, the superintendent of city, county or other schools. The teacher may be retired, according to the provisions made by the bill, after forty years' service, at \$700 per year.

The pensions would be paid from a fund provided by the payment by the teachers in annual amounts the following sums: For the first fifteen years \$10 per year; for the next ten years, \$20 per year; for the ten years following, \$25 per year, and for five years after this \$20 per year. The bill provides that if a teacher wishes to withdraw from the service at any time, and for any reason, the teacher may draw from the fund all the money paid in by him or her without interest.

The state fund would be composed of moneys paid in this way, together with the interest upon the same. There would also be provision made for the acceptance of moneys bequeathed to the fund, as is said to have been provided with good results in other states, and in cities where such pension laws have been enacted.

In its present form the bill provides that any teacher may obtain credit for years taught before the passage of the bill by paying into the fund the required yearly payments in arrear, together with interest of 5 per cent. upon the same. They will receive credit for each school term or year taught in this state and as many as twelve years taught in other states.

An opinion expressed here this morning by a well known teacher was that the benefit received by the teacher for such recognition by the state would be as much social as financial. This would result in more respect from the pupil toward the teacher, said this teacher, with a resultant benefit to the pupil.

## CALLS IT A FALSEHOOD

Ralston Says Nomination Didn't  
Figure in Appointment.

(By United Press.)

Indianapolis, Ind., Feb. 10.—Governor Ralston today issued a statement in which he denounced as "absolutely unfounded" and as "creation of an overworked newspaper scribbler" the story that the gubernatorial nomination for 1917 entered into the selection of Judge James J. Moran of Portland to the appellate bench. He said Moran was supported by Congressman Adair of Portland and was well equipped for the position.

## EXTRA SESSION APPEARS PROBABLE

President Indefinitely Decides to  
Take Action Today to Force  
Ship Purchase Legislation.

A RECORD FOR FILIBUSTER

(By United Press.)

Washington, Feb. 10.—Fifty-one hours of continuous session at three o'clock this afternoon seemed to have had little effect in weaning out the senate Republican filibuster against the ship purchase bill. The day's most serious development was easily the statement of Senator Norris, one of the progressive Republicans on whose vote the Democrats counted that he would favor side-tracking the bill in a few days if there was no action.

Pres. Wilson indefinitely decided to call an extra session of congress March 5th if the senate filibuster on the ship purchase continues. He will call the special session both for appropriation bills which fail and to make another attempt to force through the ship purchase legislation.

With no sign of a let up and with plenty of speakers fresh to continue the Republican filibuster today the senate had completed forty-six hours of continuous session. The longest previous continuous session of 38 hours and 45 minutes was in 1893—the filibuster against the silver purchase act.

Senator Sherman of Illinois who began speaking at 1:45 a. m. finished at 9:10 a. m. and was followed by Senator Townsend of Michigan.

## WILK & COMPANY GET ROAD CONTRACT

Local Firm Awarded Enoch Spur-  
geon Highway in Anderson  
Township For \$14,780.

THE BIDS VARIED GREATLY

The contract for the Enoch Spurgeon road in Anderson township was awarded to Wilk and Company this afternoon by the board of commissioners. The contract price was \$14,780 and Wilk and Company was the low bidder. The bids varied greatly and ranged from \$15,000 to \$18,000.

The other bids submitted to the commissioners were as follows: Wm. Avery, \$15,880; Colter and Son, \$16,750; William Emsweller and Sons, \$18,240, and the Ohio Construction Company \$18,445. The road is about three miles in length. The superintendent of the road has not yet been named.

## FOUR DEFEATED MEN ARRESTED

Republican Candidates For Office in  
Vigo County Are Indicted by  
Federal Grand Jury.

CHARGES SAME AS OTHERS

Republican Candidate For Congress  
in Fifth District is Also Charged  
With Conspiracy.

(By United Press.)

Terre Haute, Ind., Feb. 10.—Republicans were hit by federal prosecution of alleged election corruption in Vigo county today when United States marshals arrested four candidates defeated at the recent election. Those arrested were: Warren Soules, candidate for treasurer of Vigo county; William Sears, candidate for county auditor; William S. Myers, candidate for county assessor; Morton H. Holmes, candidate for county commissioner. They are charged with conspiring to buy up election boards in Vigo county.

The Indianapolis indictment on which today's arrest were made is in two counts and is founded on the same principal on which Judge Anderson ruled in the Terre Haute cases. It charges the object of the conspiracy was to deprive citizens of their right to vote and to sit on election boards and to defraud the United State by bringing about maladministration of the laws or the election of United States senator and congressmen.

The second count alleges the object of the conspiracy was to foist upon the United States as representative in congress Roy L. Shattuck a "man whom they intended to elect illegally."

## R. L. SHATTUCK ACCUSED

Defeated Candidate For Congress  
Arrested at Brazil Today.

(By United Press.)

Brazil, Ind., Feb. 10.—Roy L. Shattuck, Republican candidate for congress from the fifth district in the recent election was arrested by United States marshals charged with conspiring to corrupt the election in Vigo county. He was one of the five names of the most recent batch of indictments returned by the federal grand jury in Indianapolis.

INQUIRY WARRANTED.

(By United Press.)

Sullivan, Ind., Feb. 10.—Will H. Hays, Republican state chairman, made a statement today concerning

## \$3000.00 FIRE PREVENTED

The House the Red Jacket Saved

Read This Letter:  
"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on 'fire protection' that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect.

Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

## GOOD NEWS

## Many Rushville Readers Have Heard it and Profited Thereby.

"Good news travels fast," and the bad back sufferers in Rushville are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading.

Samuel A. Brown, R. R. No. 10, Rushville, says: "I had a severe attack of backache and it got worse every day. Finally, the trouble got so bad that I could hardly raise my foot above the ground. When I stooped, I thought my back would break. Someone advised me to try Doan's Kidney Pills and I got a box. I was very much surprised at the prompt way in which they stopped the trouble. In a few days I was free from pain."

Price 50, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had. Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

## \$100 Reward, \$100

The readers of this paper will be pleased to learn that there is at least one decided disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## Whose Ox is Gored

Secretary of State Bryan has ever been ready to accept charges of irresponsibility when made against his political enemies so there is something of a "back-fire, a kind of poetical justice, in the investigation of the unsavory record of certain persons alleged to have had undue influence with late American official representatives in Santa Domingo.

The charge, of course, that the profits of the deals were to be shared by Secretary Bryan, ex-Governor Glynn of New York and a New Jersey congressman, is absurd, but the chief offense of the secretary of state was that he regarded the Domingan government as a place for "deserving Democrats", as he referred to them in his celebrated letter which came to light during the course of the present investigation.

In his speech in Indiana Secretary Bryan said that he tried to be impartial in the handling of public business and down there in Washington we have a civil service that is being honestly administered, and no Republican will be able to say that we unlawfully disturbed the Republicans. Civil service has never been more honestly administered than it has been under this administration.

However, in the light of the Indianapolis declarations of the secretary of state, persons who read accounts of the testimony in the investigation Monday will be forced to smile. Harry S. Dickey, of South Bend, Ind., who told the investigator that he was sent down to Sam Domingo to audit the books and check up the work of John L. Mann, who had been director-general of the public works for the Dominican government, admitted that he was not a certified public accountant and that he had had little if any experience in the work.

But the fact that the Mr. Dickey in question is a brother of the Rev. Sol. C. Dickey, general manager of the chautauqua at Winona, offers some explanation. Sol Dickey and Mr. Bryan have been intimate friends, both having had the chautauqua as a means of support. And there we find what Mr. Bryan means by "deserving Democrats."

Commenting on this case and pointing out that Mr. Bryan has been too free to accept the word of cheap muckrakers as "gospel," the St. Louis Globe Democrat makes some remarks that are very much to the point:

But there is something of poetic justice in the scandal. Mr. Bryan has always been ready to accept such irresponsible charges as true when made against his political enemies. Now that his own ox has been gored, his old enemies will take a malicious delight in his embarrassment. In numerous investigations of sealawgs they have been found to have freely boasted of their influence with prominent men. This is a part of their capital. It is no uncommon thing for men who do not make their living by devious ways to boast of their intimacy and influence with the powers that be, merely out of vanity. But the professional lobbyist and the political grafter do it as a matter of business. Otherwise they would not be able to dupe people into paying them for their "influence." The public recalls a recent case of one of these fellows who was settling all the Mexican difficulties through his "influence." The case of Mulhall is also fresh in mind.

Many men in public life have had their votes sold time after time by disreputable persons whom they have never seen. Parasites hang about Washington making their living by pretending to influence legislation. Some of them get access to clerks of committees and on one pretense or another find out what has been decided upon and then offer to have this done for a certain consideration. A Texas senator once kicked a lobbyist from his room after a constituent had telegraphed to him the substance of a proposal made by the lobbyist, which was

## WHAT \$10 DID FOR THIS WOMAN

## The Price She Paid for Lydia E. Pinkham's Vegetable Compound Which Brought Good Health.

Danville, Va.—"I have only spent ten dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and I sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying good health now and owe it all to your remedies. I take pleasure in telling my friends and neighbors about them."—Mrs. MATTIE HALEY, 601 Colquhoun Street, Danville, Va.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

prompted by information he had gathered from a committee clerk. The uncorroborated statements of such individuals should not be heeded, even when made under oath. It is to be hoped that Mr. Bryan and his friends after the present experience, will be less ready to believe scandal-mongers of this type.

## GERMANY LETTERS COST UNION RATE

No Direct Service Between Countries

Now and Five Cents is the Minimum Postage

## BULLETIN FROM WASHINGTON

The local postmaster has received a bulletin from the postoffice authorities explaining that the 2 cent postage rate between the United States and Germany applies only to letters to and from each country by sea direct.

Letters which require transit through intervening countries are subject to the postal union rates and conditions.

As there is now no direct service to Germany, pending its resumption all letters are subject to the postal union rate of 5 cents for the first ounce or any fraction thereof and 3 cents for each additional ounce or fraction thereof.

In case there is not sufficient postage on a letter between the two countries, the letter will be forwarded, but a charge on delivery will be made equal to double the amount of the deficient postage.

## ONE AMENDMENT NOT ATTACKED

First of Stotsenberg Bills Has Not Yet Been Seriously Considered by Legislature

## IS THE COMPENSATION LAW

Is Patterned After Section 12 of Present State Constitution But Clauses Are Inserted

(By United Press.)

Indianapolis, Feb. 10.—With sentiment seemingly crystallizing against the 22 Stotsenberg amendments, there is one which up to today had not been seriously attacked. It is the first one allowing the general assembly to enact a compulsory workmen's compensation law. Though the manufacturers undoubtedly will be against such an amendment, they had not yet openly shown their hand.

This assembly has the power to pass these amendments one by one. They were passed en masse by the 1913 assembly. Should any one pass this session, it will go before the people for a majority vote at the next general assembly.

The first of the proposed amendment embodies the entire Article 1 of section 12 of the present constitution, but inserts between two sentences the compulsory compensation clause. The proposed amendment reads as follows:

"All courts shall be open; and every man, for injury done to him in person, property or reputation, shall have remedy by due course of law; (here the amendment starts) but the General Assembly may enact a workman's compulsory compensation law, for injuries or death occurring in hazardous employment. In enacting such law, the General Assembly shall have the right to define hazardous employment, (here the amendment ends). Justice shall be administered freely and without purchase; completely, and without denial; speedily and without delay."

Labor is understood to be fairly well pleased with the amendment. The element that favored a constitutional convention and which has decided to oppose each and every one of these amendments and hold out for such a convention later, includes this amendment with the others. These say there is some question whether the assembly should have the right to define the word "hazardous" and declare that the assembly should have added right to include "occupational diseases" in the compensation law.

## TILLAGE WILL HELP

Roll the wheatfield as soon as it will bear a team upon it. Follow this rolling immediately with a light harrowing. Better use a "weeder" if you have one. If you have a harrow with adjustable teeth, throw the teeth back at an angle of 45 degrees and harrow the field, going back and forth parallel with the wheat rows. This harrowing will not injure the wheat roots, but will break up the crust and make a surface mulch. This surface mulch will prevent much evaporation and save thousands of barrels of water. If you do not happen to have a roller, or if you do not think it wise to roll the wheat, harrow just the same. It pays.

## Plantfood Makes Crops

The tiny wheat plant must have special nourishment. It must have a liberal supply of readily available plant-food of the right kind to maintain it in vigorous growth. Big crops demand enormous quantities of plant-food. The biggest help you can give your wheat crop is to apply 100 pounds per acre of Swift's Steamed Bone and Potash, analyzing 2 per cent Ammonia, 8 per cent available Phosphoric Acid, and 2 per cent Potash. This should be broadcasted or distributed on the wheat through the fertilizer attachment of the wheat drill, with the lime spreader, or other fertilizer distributor. If the wheat drill is used, leave the discs suspended so that they will not cut the wheat plants. Apply this fertilizer before the field is rolled. Harrowing it will work it into the soil where the roots make best use of the plant-food. You can carry on these operations until the wheat is up 4 inches in height without injury to the crop. Fertilizer feeds the crop. It contains no weed seeds.

## Help For Grass and Clover Seedfng

If grass and clover seed is sown upon the wheat field in early Spring, this early cultivation will bury the seed sufficiently deep to insure good germination. The addition of available plant-food in the forms mentioned, will greatly increase the chances of a successful "catch of grass."

By such treatment, weak wheat will be greatly benefitted and materially assisted towards a profitable yield of superior quality of grain. Top dressing pays.

Try it on your Oats and double the yield.

# ACHED ALL OVER, HAD PAINS IN CHEST

**Jackson, Miss., Minister Tells How He Suffered After the Grippe and How He Was Restored to Health by Vinol.**

Jackson, Miss.—“I am a minister of the gospel and I had the grippe so badly that I ached all over, flesh was sore, I had pains in my chest and back, no appetite, was nervous and had a stubborn cough.

“I tried different medicines without benefit; finally a friend recommended Vinol. I tried it and soon noticed an improvement and continuing its use I am entirely relieved of my troubles. I have also used Vinol in my family for chronic coughs and cold with the best results.”—O. W. CHILES, Jackson, Miss.

Grippe leaves the blood in a thin devitalized condition. It takes away the appetite and leaves one weak, without energy and often in a dangerous condition.

In order to restore the blood to a healthy condition, iron must be supplied in an easily assimilated form. We guarantee this may be done by Vinol, our delicious cod liver and iron tonic, which contains no oil. If you try it and it does not help you we will return your money.

## FEW SHAKE UPS IN OLD LEAGUE

**National Will Start Season With Only Two New Heads as Managers of Clubs**

### BRESHANAN IS NO NEW COMER

**Moran is of Unknown Quantity But Has Good Material, Which May Help to Large Extent**

BY HAL SHERIDAN  
(Written for United Press.)

New York, Feb. 10.—Unless some of the magnates in the National League get chilly feet and start a retrenchment policy at this late hour the old circuit is going to get away from the pole in the pennant fight this year with less shake-ups in the managerial department than it has for several years.

Only two new skippers are noticed collecting their cohorts for the southland trip this season. Pat Moran has taken the place of sorrel-topped Charley Doin at wielding the baton over the Phunny Phils, and Rajah Breshahan, the portly ex-director of the cards is going to take a whirl at the Cubs.

Rajah is no stranger of the National League strategists, if there be such things. His methods were pretty well noised around when he was serving a St. Louis sentence and also while he was with the Cubs last year.

Moran is somewhat of an unknown quantity. But looking over the nucleus he has to start with, it doesn't appear as though he were going to put very many straws in the paths of George Stallings, Jawn McGraw and the rest of the crew. The Phils' two mainstays with the stick, Sherwood Magee and Hans Lobert, have been let go in trades to Boston and New York.

His pitching staff from this early viewpoint doesn't look calculated to make other managers green with envy, especially when it is considered what backed it up. Grover Cleveland Alexander is, of course the real noise. Rixey and Mayer should prove good men; Demaree is rather an unknown quantity.

Breshahan is more fortunate. He is taking the field with practically the same crowd he worked with last year and one that on paper should be a contender all the way. Pierce, Lavender, Vaughn and Cheney with several others make a pitching staff that can't be sneezed at and the batting and fielding strength is back of it.

## IRREGULARITIES CAUSED DISMISSAL

**Case of American Co. vs William Reddington Taken From Appellate Court.**

### SIMILAR SUIT PENDS HERE

The case of the American Cresoting Company against William Reddington was dismissed yesterday in the appellate court by the appellant and leave was given to withdraw the record. The case was taken to the higher court from Rush county about a year ago after a jury had found for Reddington in the sum of \$1,550. The suit was the result of cresote from the company's plant at Shirley contaminating a stream passing through the land of Reddington.

A similar suit is pending in the court here and has not been tried because the parties were awaiting the outcome of the suit dismissed yesterday. It is understood that the suit was dismissed because of some irregularities in taking the appeal. It was stated that the appeal bond was not furnished until after the time limit set by the court.

## BITTLER BECOMES STATE OFFICIAL

**Fort Wayne Man Succeeds William Vollmer, of Vincennes, as Treasurer of State**

### DEPUTIES ARE ANNOUNCED

Indianapolis, Feb. 10.—George A. Bittler of Fort Wayne today became treasurer of state, succeeding William H. Vollmer of Vincennes. Bittler, who is the youngest man ever to have held the office, won it after the most protracted convention fight in the history of the state. He was nominated on the eighth ballot after a deadlock continuing from 1:45 to 8 p. m.

Bittler announced the force of deputies as follows: H. T. Willis, deputy, Vincennes, Ind.; H. A. Vogel, accountant, Monticello; Miss Margaret Crim, stenographer, Indianapolis.

“As the youngest man of any party ever elected to the office, I the more earnestly enter upon the discharge of my duties,” said Bittler today, “with an appreciation of the importance of the office and the gravity of its responsibilities. My best efforts at all times shall be devoted to meeting the just expectations of my friends and fellow citizens. More I cannot do.”

## EVELYN KNECHT DIES AT OXFORD

Daughter of Mr. and Mrs. William Knecht Expires at Sanatorium Where She Was Taken Recently.

### HAD A NERVOUS BREAKDOWN

Miss Evelyn Knecht, 28 years old, daughter of Mr. and Mrs. William Knecht, of near Raleigh, died this morning at three o'clock in a sanatorium at Oxford. Miss Knecht has been ill only a short time. She suffered a nervous breakdown and complications arose which resulted in her death. She was taken to Oxford about one week ago in the hope that the change would result in her recovery, but yesterday she became suddenly worse until her death was expected. The exact cause of her death was acute cerebro spinal meningitis, which was determined by a post mortem.

Miss Knecht was well known here. She was the only daughter of Mr. and Mrs. Knecht. Besides her parents she is survived by six brothers, John, Emil, William, Fred, Francis and Larie. The remains were brought here this morning and taken to the home of her brother, John Knecht. The funeral services will be conducted Friday morning at ten o'clock from St. Mary's Catholic church. Burial will take place in Calvary cemetery.

Charges Shattuck With Giving \$300 to Aid Conspiracy.

(By United Press.)

Indianapolis, Ind., Feb. 10.—Upon the arrest of Roy L. Shattuck in Brazil, it was learned today that the unsuccessful opponent of Ralph W. Moss was charged in the federal indictment of giving one of the other five indicted Republicans \$300 in connection with the conspiracy to buy election boards in Vigo county. Republicans in congress have asked for investigation of Moss' election. District Attorney Dailey has said Moss is not connected with the alleged fraud.

## ATTEMPTS ON FRENCH FAIL

Paris Statement Sees Resumption of Campaign in Lorraine.

(By United Press.)

Paris, Feb. 10.—The Germans attempted to carry the French positions in Lorraine northeast of Maronville by a general infantry assault but were repulsed with heavy losses, according to reports made public here today. This action is believed to mark the resumption of the active campaign in Lorraine where the weather conditions are reported to be improving.

From the Aisne to the Champagne region the French and German artillery duels continue without cessation. The Germans are bringing up additional troops in this region and are prepared to bring up another offensive when the weather permits. In the north there has been fighting at a number of widely separated points but without any material change.

## GRAND JURY IS VERY BUSY PLACE

Reported Today That Some True  
Bills For "Bootlegging" May  
be Returned Soon.

MAY BE IN SESSION ALL WEEK

Thought Probable No Indictments  
Will be Made Until Grand  
Jury Adjourns.

It has been a long time since as much activity in the vicinity of the grand jury room has been shown, as in the last three days. Large crowds of witnesses have thronged the third floor corridor of the court house waiting an opportunity to testify before the investigating body. Prosecutor Stevens has been one busy man since Monday, when the grand jury went in session, and has kept the grand jury busy now for three days with no letup in sight.

Prosecutor Stevens had more witnesses than he could care for, and as a result many of them called for yesterday were compelled to come back again today. The state's attorney stated today that the grand jury might be in session all of this week. The exact nature of the things being investigated could not be learned but it is believed that the grand jury is heeding Judge Sparks' instructions and investigating the alleged illegal sale of intoxicating liquor, not only in this city but in other parts of the county.

It was rumored today that the grand jury was ready to return at least six indictments, but Prosecutor Stevens stated that if any were returned they would not be turned over to the court before an adjournment was taken. The two Taylor boys, Chase and Chester, are still in the county jail and will remain there until Stevens gets time to take the case up in the circuit court. Chase is charged in an affidavit with failing to obey a grand jury summons and if there is any charge against Chester it has never been made public.

It is stated that the Taylor boys were before the grand jury for alleged "bootlegging" and true bills may be brought against them. Sheriff Cavitt was before the grand jury, and it is supposed that it was on this case as Chase Taylor refused to come with him when the summons was read.

Speculation continues as to why J. C. King, county highway superintendent, was before the grand jury. A number of neighbors of Mr. King were also before the grand jury. Several of these were called for yesterday afternoon but it was necessary for them to come back today. Some time ago Mayor Reibout held a court of inquiry and a number of persons who were before him at that time were before the grand jury today.

Ward Bates, living at 820 North Sexton street, is seriously sick with pneumonia.

The buggy was demolished and both horses went home, the men having to walk home.

## VOTE TO CONTINUE THE ORGANIZATION

Members of Chamber of Commerce  
at Annual Meeting Unanimous-  
ly in Favor of Action.

A NOMINATING COMMITTEE

Although there were only a few members of the Rush County Chamber of Commerce present at the annual meeting in the court house assembly room last night, every member present voted to continue the organization and a motion to instruct the chair to appoint a nominating committee of five to select eleven directors to succeed the one-year term directors who retired was carried unanimously. Those members who attended were very insistent that the organization not be dropped and that the membership become more active. It was voted that the office expense be discontinued as a matter of economy and hereafter the executive committee and directors will meet in the court house or some place to be determined later.

A. L. Riggs, first vice-president, who presided, appointed Paul Allen, H. G. Hackman, John B. Morris, Jack Knecht and R. F. Scudder a nominating committee to select eleven directors and a meeting of the members will be held soon to ratify

## IS OPPOSED TO THE POOL SELLING BILL

Rush County Fair Board Instructs  
Secretary to Inform Man Back  
of Measure in Legislature.

FRED LIGHTFOOT NEW MEMBER

Declaring itself to be unalterably opposed to encouraging gambling at the county fair, the fair board, at a meeting yesterday, instructed the secretary, J. Q. Thomas, to inform John Isenbarger, who is boosting a bill in the legislature to legalize pool selling in Indiana, that the fair association was unanimously against the measure. Isenbarger has written each fair association in the state urging the secretary to request their representatives and senators to support the bill. The bill provides for a commission of three, to be paid \$600 a year salary, with a secretary who would draw \$1,500 a year.

Fred Lightfoot became a member of the board succeeding John Widau, who represented Washington township. Mr. Widau has moved to Irvington. The board made many changes in the premium list and arranged for four \$500 stake races and some running races. The board meets again next Saturday.

## WATSON SPEAKS TO LOWER HOUSE

Former Congressman of This City  
Says Some Without Experience  
Have Advised Legislature.

CONSCIENCE GOVERNS VOTE

He Declares Prolonged Belief in  
Common Intelligence of the  
Common People.

James E. Watson of Rushville told members of the House in a brief impromptu address yesterday afternoon that legislators should form their own convictions upon pending legislation and vote according to the dictates of their conscience, thereby disagreeing with Secretary of State William J. Bryan, who, in addressing a joint session of the General Assembly last week, declared that legislators who could not conscientiously vote in support of public demands should resign.

Mr. Watson was found in the corridors of the State House by Republican representatives and was escorted to a seat near Republican Floor Leader Jesse B. Eschbach of Warsaw, Democratic Floor Leader John C. Bramaman of Brownstown presented a resolution asking Mr. Watson to address the body. He was escorted to the speaker's chair by Mr. Bramaman and Mr. Eschbach. "You have been fairly well talked to already," said Mr. Watson after expressing his appreciation of the invitation to speak, "but the men who have addressed you have not been members, as a rule, of legislative bodies.

"Therefore, not having had the experience in legislative bodies of some of us, they had much advice to give you. Mr. Speaker, I have no advice to give. You men are from the rank and file, and I take the stand that you have information enough at your disposal, and that you have intelligence enough to do what is right.

"In forming his opinion the thing for a man to do is to study a question from all sides, form his convictions and vote them, waiting until he gets home to explain to his constituents why he has had those convictions and, by presenting to the people the information upon which his convictions are based, he will be upheld.

"I have a prolonged belief in the common intelligence of the common people, but the people must be right-fully informed. I am not here to discuss any matter pending before your body, but I will tell you this: Laws do not change man. You've got to change his thinking. For this reason improvement in government comes through the individual. I conjure you to believe in principles and policies, for they form the basis of governments."

Mr. Watson asserted that the people should attach themselves to great principles and not leaders. He cited as an example Mexico, where leaders and not principles are followed, declaring that if the Mexican people would forget their leaders and follow some great principles the revolution would soon come to an end.

FINED \$25,000 EACH

(By United Press.)  
Jefferson City, Mo., Feb. 10.—Five big packing companies were adjudged guilty of violating the anti-trust law by the Missouri supreme court yesterday. Each was fined \$25,000 which must be paid by March 11. Those adjudged guilty were: Armour & Co, Swift & Co., Morris & Co., Hammond Packing company and the St. Louis Drees Beef and Provision Co.

## TEACHERS HERE SHOW INTEREST

Pension Bill Introduced in Legisla-  
ture is Being Discussed by  
Those Interested.

LAW WOULD BE OPTIONAL

J. H. Scholl is Member of State Leg-  
islative Committee to Boost  
Bill in District.

Teachers of the city as well as in other parts of the county have taken considerable interest in the teachers' pension bill which has been introduced in the legislature and which provides for payment of a certain sum each year by the teachers entering into the plan in order that they may be retired at the end of thirty-five years.

The bill as it now stands, makes the application of the proposed law entirely optional. Before it could be applied, in case it became a law, it would require a majority vote of the teachers of any given unit of taxing authorities and the state board of education. The county, each town of over 5000 population and the state normal would be units.

Superintendent J. H. Scholl of this city is the sixth district member of the legislative committee of the Indiana State Teachers association who is boosting the proposed law in this district. It is explained that the bill, if it should be passed in its present form, would not be of much benefit to teachers who had been teaching for several years, but that it would be of immense value to those who are now and will in the future enter the profession.

As it stands at the present time the bill provides for the retirement of teachers upon a pension of \$600 per year at the expiration of thirty-five years' service as a teacher, principal, supervisor or of any regular or special subject, the superintendent of city, county or other schools. The teacher may be retired, according to the provisions made by the bill, after forty years' service, at \$700 per year.

The pensions would be paid from a fund provided by the payment by the teachers in annual amounts the following sums: For the first fifteen years \$10 per year; for the next ten years, \$20 per year; for the ten years following, \$25 per year, and for five years after this \$20 per year. The bill provides that if a teacher wishes to withdraw from the fund all the money paid in by him or her without interest.

The state fund would be composed of moneys paid in this way, together with the interest upon the same. There would also be provision made for the acceptance of moneys bequeathed to the fund, as is said to have been provided with good results in other states, and in cities where such pension laws have been enacted.

In its present form the bill provides that any teacher may obtain credit for years taught before the passage of the bill by paying into the fund the required yearly payments in arrear, together with interest of 5 per cent. upon the same. They will receive credit for each school term or year taught in this state and as many as twelve years taught in other states.

An opinion expressed here this morning by a well known teacher was that the benefit received by the teacher for such recognition by the state would be as much social as financial. This would result in more respect from the pupil toward the teacher, said this teacher, with a resultant benefit to the pupil.

## CALLS IT A FALSEHOOD

Ralston Says Nomination Didn't  
Figure in Appointment.

(By United Press.)  
Indianapolis, Ind., Feb. 10.—Governor Ralston today issued a statement in which he denounced as "absolutely unfounded" and as "creation of an overworked newspaper scribbler" the story that the gubernatorial nomination for 1917 entered into the selection of Judge James J. Moran of Portland to the appellate bench. He said Moran was supported by Congressman Adair of Portland and was well equipped for the position.

## EXTRA SESSION APPEARS PROBABLE

President Indefinitely Decides to  
Take Action Today to Force  
Ship Purchase Legislation.

A RECORD FOR FILIBUSTER

(By United Press.)  
Washington, Feb. 10.—Fifty-one hours of continuous session at three o'clock this afternoon seemed to have had little effect in wearing out the senate Republican filibuster against the ship purchase bill. The day's most serious development was easily the statement of Senator Norris, one of the progressive Republicans on whose vote the Democrats counted that he would favor side-tracking the bill in a few days if there was no action.

Pres. Wilson indefinitely decided to call an extra session of congress March 5th if the senate filibuster on the ship purchase continues. He will call the special session both for appropriation bills which fail and to make another attempt to force through the ship purchase legislation.

With no sign of a let up and with plenty of speakers fresh to continue the Republican filibuster today the senate had completed forty-six hours of continuous session. The longest previous continuous session of 38 hours and 45 minutes was in 1893—the filibuster against the silver purchase act.

Senator Sherman of Illinois who began speaking at 1:45 a. m. finished at 9:10 a. m. and was followed by Senator Townsend of Michigan.

## WILK & COMPANY GET ROAD CONTRACT

Local Firm Awarded Enoch Spur-  
geon Highway in Anderson  
Township For \$14,780.

THE BIDS VARIED GREATLY

The contract for the Enoch Spurgeon road in Anderson township was awarded to Wilk and Company this afternoon by the board of commissioners. The contract price was \$14,780 and Wilk and Company was the low bidder. The bids varied greatly and ranged from \$15,000 to \$18,000.

The other bids submitted to the commissioners were as follows: Wm. Avery, \$15,880; Colter and Son, \$16,750; William Emsweller and Sons, \$18,240, and the Ohio Construction Company \$18,445. The road is about three miles in length. The superintendent of the road has not yet been named.

## FOUR DEFEATED MEN ARRESTED

Republican Candidates For Office in  
Vigo County Are Indicted by  
Federal Grand Jury.

CHARGES SAME AS OTHERS

Republican Candidate For Congress  
in Fifth District is Also Charged  
With Conspiracy.

(By United Press.)  
Terre Haute, Ind., Feb. 10.—Republicans were hit by federal prosecution of alleged election corruption in Vigo county today when United States marshals arrested four candidates defeated at the recent election. Those arrested were: Warren Soules, candidate for treasurer of Vigo county; William Sears, candidate for county auditor; William S. Myers, candidate for county assessor; Morton H. Holmes, candidate for county commissioner. They are charged with conspiring to buy up election boards in Vigo county.

The Indianapolis indictment on which today's arrest were made is in two counts and is founded on the same principal on which Judge Anderson ruled in the Terre Haute cases. It charges the object of the conspiracy was to deprive citizens of their right to vote and to sit on election boards and to defraud the United State by bringing about maladministration of the laws or the election of United States senator and congressmen.

The second count alleges the object of the conspiracy was to foist upon the United States as representative in congress Roy L. Shattuck a "man whom they intended to elect illegally."

## R. L. SHATTUCK ACCUSED

Defeated Candidate For Congress  
Arrested at Brazil Today.

(By United Press.)  
Brazil, Ind., Feb. 10.—Roy L. Shattuck, Republican candidate for congress from the fifth district in the recent election was arrested by United States marshals charged with conspiring to corrupt the election in Vigo county. He was one of the five names of the most recent batch of indictments returned by the federal grand jury in Indianapolis.

INQUIRY WARRANTED.

The House the Red Jacket Saved

Read This Letter:  
"Several years ago I called on Lane & Evans to buy a pump and they almost forced me to buy one of your Fig. 28 Red Jacket Double-Acting Force Pumps and fifty feet of hose when I only intended to buy a cheap set length pump. Mr. Lane put up such strong argument on "fire protection" that I followed his advice and bought the Fig. 28, little thinking that it would be of any service to me in that respect. Shortly after the pump was installed, my barn caught fire and had it not been for this pump and hose and the thoughtfulness of Mrs. Barnett, my barn, house and all buildings on the place would have been destroyed."

**Speaking of Stocks.**  
This story is especially timely in view of the fact that a baseball corporation is being formed here. The other day the baseball editor glanced out the window and, honest, the view from the Daily Republican office window made it look just like the South Main street ball ground was covered with water, an overflow from Flatrock. Such things have happened, you know. Back in March, 1913, as we will tell our grandchildren, the whole lot was covered with water and the grand stand was washed away.

Anyway, it was so realistic that the baseball editor took a stroll down South Main street to see if the ball lot was still there. Much to his dismay he found that it was nothing more than snow that covered the ball ground although it did have the appearance of water from a distance. After he departed on his trip of inspection, someone observed:

"Well, since a baseball stock company is being organized here, it seems that there ought to be plenty of watered stock for sale."

## GOOD NEWS

## Many Rushville Readers Have Heard it and Profited Thereby.

"Good news travels fast," and the bad back sufferers in Rushville are glad to learn where relief may be found. Many a lame, weak and aching back is bad no more, thanks to Doan's Kidney Pills. Our citizens are telling the good news of their experience with this tested remedy. Here is an example worth reading.

Samuel A. Brown, R. R. No. 10, Rushville, says: "I had a severe attack of backache and it got worse every day. Finally, the trouble got so bad that I could hardly raise my foot above the ground. When I stooped, I thought my back would break. Someone advised me to try Doan's Kidney Pills and I got a box. I was very much surprised at the prompt way in which they stopped the trouble. In a few days I was free from pain."

Price 50¢ at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Brown had, Foster-Milburn Co., Props., Buffalo, N. Y. (Advertisement.)

The readers of this paper will be pleased to learn that there is at least one disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## Whose Ox is Gored

Secretary of State Bryan has ever been ready to accept charges of irresponsibility when made against his political enemies so there is something of a "back-fire, a kind of poetical justice, in the investigation of the unsavory record of certain persons alleged to have had undue influence with late American official representatives in Santa Domingo.

The charge, of course, that the profits of the deals were to be shared by Secretary Bryan, ex-Governor Glynn of New York and a New Jersey congressman, is absurd, but the chief offense of the secretary of state was that he regarded the Dominga government as a place for "deserving Democrats", as he referred to them in his celebrated letter which came to light during the course of the present investigation.

In his speech in Indiana Secretary Bryan said that he tried to be impartial in the handling of public business and down there in Washington we have a civil service that is being honestly administered, and no Republican will be able to say that we unlawfully disturbed the Republicans. Civil service has never been more honestly administered than it has been under this administration."

However, in the light of the Indianapolis declarations of the secretary of state, persons who read accounts of the testimony in the investigation Monday will be forced to smile. Harry S. Dickey, of South Bend, Ind., who told the investigator that he was sent down to San Domingo to audit the books and check up the work of John L. Mann, who had been director-general of the public works for the Dominican government, admitted that he was not a certified public accountant and that he had had little if any experience in the work.

But the fact that the Mr. Dickey in question is a brother of the Rev. Sol. C. Dickey, general manager of the chautauqua at Winona, offers some explanation. Sol Dickey and Mr. Bryan have been intimate friends, both having had the chautauqua as a means of support. And there we find what Mr. Bryan means by "deserving Democrats."

Commenting on this case and pointing out that Mr. Bryan has been too free to accept the word of cheap muckrakers as "gospel," the St. Louis Globe Democrat makes some remarks that are very much to the point:

But there is something of poetic justice in the scandal. Mr. Bryan has always been ready to accept such irresponsible charges as true when made against his political enemies. Now that his own ox has been gored, his old enemies will take a malicious delight in his embarrassment. In numerous investigations of seal-wags they have been found to have freely boasted of their influence with prominent men. This is a part of their capital. It is no uncommon thing for men who do not make their living by devious ways to boast of their intimacy and influence with the powers that be, merely out of vanity. But the professional lobbyist and the political graffer do it as a matter of business. Otherwise they would not be able to dupe people into paying them for their "influence." The public recalls a recent case of one of these fellows who was settling all the Mexican difficulties through his "influence." The case of Mulhall is also fresh in mind.

Many men in public life have had their votes sold time after time by disreputable persons whom they have never seen. Parasites hang about Washington making their living by pretending to influence legislation. Some of them get access to clerks of committees and on one pretense or another find out what has been decided upon and then offer to have this done for a certain consideration. A Texas senator once kicked a lobbyist from his room after a constituent had telegraphed to him the substance of a proposal made by the lobbyist, which was

## WHAT \$10 DID FOR THIS WOMAN

The Price She Paid for Lydia E. Pinkham's Vegetable Compound Which Brought Good Health.

Danville, Va.—"I have only spent ten dollars on your medicine and I feel so much better than I did when the doctor was treating me. I don't suffer any bearing down pains at all now and I sleep well. I cannot say enough for Lydia E. Pinkham's Vegetable Compound and Liver Pills as they have done so much for me. I am enjoying good health now and owe it all to your remedies. I take pleasure in telling my friends and neighbors about them."—Mrs. MATTHEW HALEY, 501 Colquhoun Street, Danville, Va.

No woman suffering from any form of female troubles should lose hope until she has given Lydia E. Pinkham's Vegetable Compound a fair trial.

This famous remedy, the medicinal ingredients of which are derived from native roots and herbs, has for forty years proved to be a most valuable tonic and invigorator of the female organism. Women everywhere bear willing testimony to the wonderful virtue of Lydia E. Pinkham's Vegetable Compound.

If you have the slightest doubt that Lydia E. Pinkham's Vegetable Compound will help you, write to Lydia E. Pinkham Medicine Co. (confidential), Lynn, Mass., for advice. Your letter will be opened, read and answered by a woman, and held in strict confidence.

prompted by information he had gathered from a committee clerk. The uncorroborated statements of such individuals should not be heeded, even when made under oath. It is to be hoped that Mr. Bryan and his friends after the present experience, will be less ready to believe scandal-mongers of this type.

GERMANY LETTERS  
COST UNION RATE

No Direct Service Between Countries

Now and Five Cents is the Minimum Postage

## BULLETIN FROM WASHINGTON

The local postmaster has received a bulletin from the post-office authorities explaining that the 2 cent postage rate between the United States and Germany applies only to letters to and from each country by sea direct.

Letters which require transit through intervening countries are subject to the postal union rates and conditions.

As there is now no direct service to Germany, pending its resumption all letters are subject to the postal union rate of 5 cents for the first ounce or any fraction thereof and 3 cents for each additional ounce or fraction thereof.

In case there is not sufficient postage on a letter between the two countries, the letter will be forwarded, but a charge on delivery will be made equal to double the amount of the deficient postage.

## ONE AMENDMENT NOT ATTACKED

First of Stotsenberg Bills Has Not Yet Been Seriously Considered by Legislature

## IS THE COMPENSATION LAW

Is Patterned After Section 12 of Present State Constitution But Clauses Are Inserted

(By United Press.)

Indianapolis, Feb. 10.—With sentiment seemingly crystallizing against the 22 Stotsenberg amendments, there is one which up to today had not been seriously attacked. It is the first one allowing the general assembly to enact a compulsory workmen's compensation law. Though the manufacturers undoubtedly will be against such an amendment, they had not yet openly shown their hand.

This assembly has the power to pass these amendments one by one. They were passed en masse by the 1913 assembly. Should any one pass this session, it will go before the people for a majority vote at the next general assembly.

The first of the proposed amendment embodies the entire Article 1 of section 12 of the present constitution, but inserts between two sentences the compulsory compensation clause. The proposed amendment reads as follows:

"All courts shall be open; and every man, for injury done to him in person, property or reputation, shall have remedy by due course of law; (here the amendment starts) but the General Assembly may enact a workman's compulsory compensation law, for injuries or death occurring in hazardous employment. In enacting such law, the General Assembly shall have the right to define hazardous employment, (here the amendment ends). Justice shall be administered freely and without purchase; completely, and without denial; speedily and without delay."

Labor is understood to be fairly well pleased with the amendment. The element that favored a constitutional convention and which has decided to oppose each and every one of these amendments and hold out for such a convention later, includes this amendment with the others. These say there is some question whether the assembly should have the right to define the word "hazardous" and declare that the assembly should have added right to include "occupational diseases" in the compensation law.

## TILLAGE WILL HELP

Roll the wheatfield as soon as it will bear a team upon it. Follow this rolling immediately with a light harrowing. Better use a "weeder" if you have one. If you have a harrow with adjustable teeth, throw the teeth back at an angle of 45 degrees and harrow the field, going back and forth parallel with the wheat rows. This harrowing will not injure the wheat roots, but will break up the crust and make a surface mulch. This surface mulch will prevent much evaporation and save thousands of barrels of water. If you do not happen to have a roller, or if you do not think it wise to roll the wheat, harrow just the same. It pays.

## Plantfood Makes Crops

The tiny wheat plant must have special nourishment. It must have a liberal supply of readily available plant-food of the right kind to maintain it in vigorous growth. Big crops demand enormous quantities of plant-food. The biggest help you can give your wheat crop is to apply 100 pounds per acre of Swift's Steamed Bone and Potash, analyzing 2 per cent Ammonia, 8 per cent available Phosphoric Acid, and 2 per cent Potash. This should be broadcasted or distributed on the wheat through the fertilizer attachment of the wheat drill, with the lime spreader, or other fertilizer distributor. If the wheat drill is used, leave the discs suspended so that they will not cut the wheat plants. Apply this fertilizer before the field is rolled. Harrowing it will work it into the soil where the roots make best use of the plant-food. You can carry on these operations until the wheat is up 4 inches in height without injury to the crop. Fertilizer feeds the crop. It contains no weed seeds.

## Help For Grass and Clover Seedling

If grass and clover seed is sown upon the wheat field in early Spring, this early cultivation will bury the seed sufficiently deep to insure good germination. The addition of available plant-food in the forms mentioned, will greatly increase the chances of a successful "catch of grass." By such treatment, weak wheat will be greatly benefitted and materially assisted towards a profitable yield of superior quality of grain. Top dressing pays. Try it on your Oats and double the yield.

# ACHED ALL OVER, HAD PAINS IN CHEST

Jackson, Miss., Minister Tells  
How He Suffered After the  
Grippe and How He Was Re-  
stored to Health by Vinol.

Jackson, Miss.—“I am a minister of the gospel and I had the grippe so badly that I ached all over, flesh was sore, I had pains in my chest and back, no appetite, was nervous and had a stubborn cough.  
“I tried different medicines without benefit; finally a friend recommended Vinol. I tried it and soon noticed an improvement and continuing its use I am entirely relieved of my troubles. I have also used Vinol in my family for chronic coughs and cold with the best results.”—O. W. CHILES, Jackson, Miss.

Grippe leaves the blood in a thin devitalized condition. It takes away the appetite and leaves one weak, without energy and often in a dangerous condition.

In order to restore the blood to a healthy condition, iron must be supplied in an easily assimilated form. We guarantee this may be done by Vinol, our delicious cod liver and iron tonic, which contains no oil. If you try it and it does not help you we will return your money.

## FEW SHAKE UPS IN OLD LEAGUE

National Will Start Season With  
Only Two New Heads as Managers of Clubs

BRESHANAN IS NO NEW COMER

Moran is of Unknown Quantity But  
Has Good Material, Which May  
Help to Large Extent

BY HAL SHERIDAN  
(Written for United Press.)

New York, Feb. 10.—Unless some of the magnates in the National League get chilly feet and start a retrenchment policy at this late hour the old circuit is going to get away from the pole in the pennant fight this year with less shake-ups in the managerial department than it has for several years.

Only two new skippers are noticed collecting their cohorts for the southland trip this season. Pat Moran has taken the place of sorrel-topped Charley Doin at wielding the baton over the Phunny Phils, and Rajah Breshanan, the portly ex-director of the cards is going to take a whirl at the Cubs.

Rajah is no stranger of the National League strategists, if there be such things. His methods were pretty well noised around when he was serving a St. Louis sentence and also while he was with the Cubs last year.

Moran is somewhat of an unknown quantity. But looking over the nucleus he has to start with, it doesn't appear as though he were going to put very many straws in the paths of George Stallings, Jawn McGraw and the rest of the crew. The Phils' two mainstays with the stick, Sherwood Magee and Hans Lobert, have been let go in trades to Boston and New York.

His pitching staff from this early viewpoint doesn't look calculated to make other managers green with envy, especially when it is considered what backed it up. Grover Cleveland Alexander is, of course the real noise. Rixey and Mayer should prove good men; Demaree is rather an unknown quantity.

Breshanan is more fortunate. He is taking the field with practically the same crowd he worked with last year and one that on paper should be a contender all the way. Pierre, Lavender, Vaughn and Cheney with several others make a pitching staff that can't be sneezed at and the batting and fielding strength is back of it.

## IRREGULARITIES CAUSED DISMISSAL

Case of American Co. vs William  
Reddington Taken From Ap-  
pellate Court.

SIMILAR SUIT PENDS HERE

The case of the American Crescenting Company against William Reddington was dismissed yesterday in the appellate court by the appellant and leave was given to withdraw the record. The case was taken to the higher court from Rush county about a year ago after a jury had found for Reddington in the sum of \$1,550. The suit was the result of a note from the company's plant at Shirley contaminating a stream passing through the land of Reddington.

A similar suit is pending in the court here and has not been tried because the parties were awaiting the outcome of the suit dismissed yesterday. It is understood that the suit was dismissed because of some irregularities in taking the appeal. It was stated that the appeal bond was not furnished until after the time limit set by the court.

## BITTLER BECOMES STATE OFFICIAL

Fort Wayne Man Succeeds William  
Vollmer, of Vincennes, as  
Treasurer of State

DEPUTIES ARE ANNOUNCED

Indianapolis, Feb. 10.—George A. Bittler of Fort Wayne today became treasurer of state, succeeding William H. Vollmer of Vincennes. Bittler, who is the youngest man ever to have held the office, won it after the most protracted convention fight in the history of the state. He was nominated on the eighth ballot after a deadlock continuing from 1:45 to 8 p. m.

Bittler announced the force of deputies as follows: H. T. Willis, deputy, Vincennes, Ind.; H. A. Vogel, accountant, Monticello; Miss Margaret Crim, stenographer, Indianapolis.

“As the youngest man of any party ever elected to the office, I the more earnestly enter upon the discharge of my duties,” said Bittler today, “with an appreciation of the importance of the office and the gravity of its responsibilities. My best efforts at all times shall be devoted to meeting the just expectations of my friends and fellow citizens. More I cannot do.”

## EVELYN KNECHT DIES AT OXFORD

Daughter of Mr. and Mrs. William Knecht Expires at Sanatorium Where She Was Taken Recently.

### HAD A NERVOUS BREAKDOWN

Miss Evelyn Knecht, 28 years old, daughter of Mr. and Mrs. William Knecht, of near Raleigh, died this morning at three o'clock in a sanatorium at Oxford. Miss Knecht has been ill only a short time. She suffered a nervous breakdown and complications arose which resulted in her death. She was taken to Oxford about one week ago in the hope that the change would result in her recovery, but yesterday she became suddenly worse until her death was expected. The exact cause of her death was acute cerebro spinal meningitis, which was determined by a post mortem.

Miss Knecht was well known here. She was the only daughter of Mr. and Mrs. Knecht. Besides her parents she is survived by six brothers, John, Emil, William, Fred, Francis and Larie. The remains were brought here this morning and taken to the home of her brother, John Knecht. The funeral services will be conducted Friday morning at ten o'clock from St. Mary's Catholic church. Burial will take place in Calvary cemetery.

## ATTEMPTS ON FRENCH FAIL

Paris Statement Sees Resumption of Campaign in Lorraine.

(By United Press.)

Paris, Feb. 10.—The Germans attempted to carry the French positions in Lorraine northeast of Maronville by a general infantry assault but were repulsed with heavy losses, according to reports made public here today. This action is believed to mark the resumption of the active campaign in Lorraine where the weather conditions are reported to be improving.

From the Aisne to the Champagne region the French and German artillery duels continue without cessation. The Germans are bringing up additional troops in this region and are prepared to bring up another offensive when the weather permits. In the north there has been fighting at a number of widely separated points but without any material change.

## WHAT INDICTMENT SAYS

Charges Shattuck With Giving \$300 to Aid Conspiracy.

(By United Press.)

Indianapolis, Ind., Feb. 10.—Upon the arrest of Roy L. Shattuck in Brazil, it was learned today that the unsuccessful opponent of Ralph W. Moss was charged in the federal indictment of giving one of the other five indicted Republicans \$300 in connection with the conspiracy to buy election boards in Vigo county. Republicans in congress have asked for investigation of Moss' election. District Attorney Dailey has said Moss is not connected with the alleged fraud.
